

EANET newsletter # 01

You are so far away and so often in my mind...

Dear partners to keep each other updated with the progress of our project I want to start this short newsletter. I think this could help us to stay involved and connected. The target group is all members of our shared Google drive map. So everybody who has a role in the project.

If you follow this [link](#) you open a form where you can put the updates you want to share.

Please fill out this form with information you want to share with us. Maybe you had your first meeting with entrepreneur alumni in your university or found the first company who would like to get involved in our network. But you can also give a short update on the progress of your work package or send your partners Christmas wishes.. should be fun to read :-)

If you want pictures to add send them to eanetcoordinator@gmail.com

If you have more experience in collecting and distributing this kind of newsletters please help us to make is easier.

So for this time there is only an update from Amsterdam, next time it would be nice to have updates from every partner.

Warm regards from freezing Holland,

Michael

EUNET newsletter # 01

1. Updates from EUNET partner 02 : HvA

I did break a personnel record in getting my airplane when leaving Berlin... I arrived at the airport 20 minutes before my plane left and a queue at customs of at least 20 people.... My twitter message was:

Michael @Tuguntke · Nov 21

#KLM 1826 thanks for letting me board to this flight. Traffic jam, queue at customs. Gate was about to close. Now I'm home expecting my kids

2. Dutch startup visa law is approved [link](#)

The Dutch immigration law will be changed as of January 1st 2015 to allow for special visa for startup founders. Although there are many questions about how the new law will work in practice, this is a major step in making The Netherlands more innovative and startup-friendly.

3. Minutes of PSC2 meeting

The minutes of our PSC meeting in Berlin are nearly ready to become definite and shared. There were no responses except from CHE consult so I think CHE consult did a very good job. Thanks to Zhuoying Li to write the minutes!!

4. Changed list of participants in Google drive

The list of participants in google drive did grow tremendously. Because I want to know who has access to our shared map, I removed people from the list of drive members that are not in our [contact list](#). So it might be possible that I removed someone incorrectly from Drive.... If so...my apologies for this. Please do the following: 1. add this person to our contact list and 2. let the tempus contact person send an email with the name and Google email of this person.
